

Earn Money, Credit, & Experience

Scholarships Available to Students Interested in an Energy Career!

Internships give students experience working at an electric utility. A mid-project report, final report and abstract are required. Awards are for **\$4,000, plus up to \$1,000 in travel funds** to attend an applicable industry conference. **Annual Deadline: Feb. 15 & Oct. 15**

Student Research Grants enable students to gain experience conducting research on energy-related projects. A mid-project report, final report and abstract are required. Awards are for **\$4,000, plus up to \$1,000 in travel funds** to attend an applicable industry conference. **Annual Deadline: Feb. 15 & Oct. 15**

Educational Scholarships help cover tuition & expenses for students pursuing post-secondary-study in technical fields that could lead to a career in the electric industry; especially occupations in short supply & high demand by public power utilities. If awarded, \$2,000 is paid directly to the recipient's university to cover costs. **Deadline: Feb. 15 & Oct. 15**

Student Eligibility: Applicant must be a full-time student attending an accredited college/university or vocational school in the U.S. DEED member utility sponsorship is required. Applications go live on Dec. 1, 2013. To obtain login credentials contact DEED@publicpower.org with your name, contact details, date of graduation and DEED member utility you'd like to contact for sponsorship.

Scholarships available annually through the American Public Power Association's Demonstration of Energy & Efficiency Developments (DEED) Program. For more information visit www.PublicPower.org/DEED.
