

# Undergraduate Energy Research Expo

Monday, January 27<sup>th</sup>  
7:30-8:30 PM  
Stinson-Remick Hall  
Atrium

Sponsored by Center for Sustainable Energy at Notre Dame (cSEND)

## Be Connected!

Stop in and learn about **opportunities to participate in undergraduate research** on energy related projects at Notre Dame for summer 2014 and the 2014-2015 school year.

Also learn about the *Energy Studies Minor* and the *Vincent P. Slatt Endowment for Undergraduate Research in Energy Systems and Processes*.

### Research Areas:

Building and Energy Consumption, Carbon Capture and Conversion, Catalysis, Electricity and Smart Grid Technology, Energy Efficiency and Consumption, Nuclear Energy, Solar Photovoltaics, Solar to Fuels/Chemicals, and more!
