

2014 Professional Responsibility Strategy Competition

This isn't your typical kind of case competition.

It offers students an opportunity to work on an interdisciplinary team with diverse members.

Participants will meet with industry experts, visit the BP Chicago trading floor, and tour the Whiting oil refinery in Northwest Indiana.

It is open to all majors and graduate studies, including those in engineering, business, law, etc.

Cash prizes totalling \$10,000 will be awarded to the winning teams.

Applications can be found on GO IRISH under BP.

The due date is December 20th.
