

CAREERS IN RENEWABLE ENERGY

Friday, September 18
3:00 p.m.
123 Nieuwland Science Hall

Join **John Moran '95** to learn how his science-business studies led him to a career in the renewable energy industry. Learn about working in the solar industry and the skills necessary to succeed in the field. Topics covered will include:

- Current state of the solar industry
- Financial modeling and project economics
- Permitting and land use
- Electrical, civic and environmental engineering
- Contract negotiation
- Due diligence
- Public policy
- Future of the industry and how it relates to global warming, pollution and economic development

John Moran
Project Manager, sPower
