

DISTINGUISHED LECTURE

Grid Energy Storage Technologies and the Future Electric Grid

Babu Chalamala

Sandia National
Laboratories

Tuesday, October 30
4:00-5:00 p.m.
140 DeBartolo Hall

This presentation will focus on trends in grid modernization and discuss gaps in technology and implementation of energy storage in the grid infrastructure. Dr. Chalamala will also touch upon the summer internships, post-doctoral research, and regular employment opportunities at Sandia.
