PATHS AND PITFALLS

Albuquerque's Move Toward 100% Renewable Energy

Two ND alumni, Timothy Keller and Khalil Shalabi, will discuss the City of Albuquerque's plan to transition to 100% renewable energy over the next four years. Shalabi will share his extensive experience in the energy market and suggest additional strategies for moving toward low-carbon electricity production.

Timothy Keller

Mayor of Albuquerque

Khalil Shalabi

Executive Vice President,
Lower Colorado River Authority
