

SUMMER RESEARCH 2024 UNIVERSITY OF NOTRE DAME

VINCENT P. SLATT FELLOWSHIP FOR UNDERGRADUATE RESEARCH IN ENERGY SYSTEMS AND PROCESSES

Join a vibrant community of young scholars focused on finding sustainable solutions to today's critical energy challenges through research and discovery at the University of Notre Dame!

FULL-TIME RESEARCH MAY 20 - JULY 27

Over a 10-week period, Slatt scholars will collaborate with faculty experts on research projects in sustainable energy and receive awards of up to \$8,500 (stipend \$6,200 and allowances for on-campus housing \$1,500, meals \$500, and travel \$300).

AWARDS OF UP TO \$8,500

Slatt scholars will also participate in joint social events and professional development workshops with students from other programs and present their research projects at the Summer Undergraduate Research Symposium.
